## HUNTSVILLE TO DISINCORPORATE

When the municipal affairs of the little city of Huntsville are finally adjusted and settled, it will cease to be a city and will in the future be governed in the same manner as other sections of Weber county beyond the jurisdiction of Ogden city.

By a vote of 139 to 133 the citizens of the little city yesterday voted in favor of disincorporation. This movement to disincorporate the city and surrender its charter was begun three weeks ago when a petition was filed in the District court by a majority of the property owners of the little burg asking that the city be allowed to vote on this question of disincorporation at yesterday's election.

It was stated in the petition that the tax levy necessary to maintain the affairs of the city and pay the expenses of maintaining the departments of the municipality had become burdensome to the property owners. Another reason which was not assigned in the petition for the movement to disincorporate the city, was the fact that several political factions were constantly at war with each other, and the majority of the taxpayers concluded that for the best interests of the people residing in that community the city's corporate power should be dissolved.

A. T. Anderson the candidate for the mayorality on the Citizens ticket was elected by a small majority over his Republican opponent L. M. Nelson. The Citizens party of Huntsville is a branch of the Republican party. The contest for the four year councilmanic term was hard fought and resulted in a tie between Joseph Peterson and Fred Wansgaard. There will probably be no contest of this election at Huntsville, since the officers elected will never be degraded with the authority to manage the affairs of the little town which will soon surrender its charter.

The city of Huntsville is to be no more. The voters of the city yesterday sounded the death knell of the little municipality and after the first of next year there will be no city of Huntsville. The forces lead by the disciple of Jefferson, A. J. Anderson were victorious over the Republican forces lead by L. M. Nelson and by a large majority it was voted that Huntsville should be disincorporated after the first of next year.

For some time past the citizens of Huntsville have been discontented with the state of affairs in that municipality and about two months ago a petition, which was signed by most of the citizens of the town, was presented to the judge of the district court asking that they be given the chance to vote for or against the disincorporation of the city. The petition was granted and yesterday the issue was decided by a goodly majority.

Just what the vote has not been given out as yet, but the full returns will be known some time today.

### MAKES SLIM FIGURES

Boned Undergarment Keeps Bony Flesh Within Bounds.

What with banting, rolling, dieting and performing all sorts of acrobatic and unpleasant tasks, the life of the stout woman has recently been a sad one. Rubber underwear and marvelous corsets have been advertised in profusion and now comes a California woman with a

### ANSWERS PURPOSE OF CORSET.

undergarment that is designed to aid in the war against fat. This garment is a two-section affair, boned from the waist up to the armpits and down over the hips. The advantage of this boned pair is that when the garment is drawn in tight with the drawing at the waist it compresses the superfluous flesh just as a corset would do with the additional advantage of fitting closer to the body than a corset. A woman wearing such an undergarment, too, would be able to dispense with a corset, thereby acquiring greater freedom of movement and having a more slender appearance by reason of having fewer layers of clothing on.

### THOMAS LIPTON'S CHALLENGE

New York, Nov. 2.—Before starting for Chicago today, Sir Thomas Lipton said that the situation looked encouraging for an international yacht race in 1911. Sir Thomas will return to New York in five days and he said he might then announce definite plans concerning his challenge for the America's cup.

Here is what one woman does in order that her mahogany may look as nice as she thinks it ought to:

"About once in two months, I give my mahogany pieces a good bath. With a dry cloth, I wipe off all dust. Then with warm Ivory Soap suds and a piece of chamamois I begin my washing. After that, I wipe lightly with a piece of cheese cloth, polishing with a chamamois."

## CHOIR WILL NOT GO TO CHICAGO

"Fred J. Kiesel, Ogden, Utah, can't tell you how disappointed I am to tell you that I am compelled to tell Mr. Ross, who is here that there are obstacles which have arisen that make it impossible for the Land Show to use the choir this year."

(Signed) R. P. Cross.

The foregoing telegram which is self-explanatory was received by Fred J. Kiesel last night, and came as a great disappointment to the members of the Ogden tabernacle choir and the people of Ogden generally who had hoped that the choir would be able to go to Chicago and take part in the musical program incident to the National Land and Irrigation exposition which will be held in that city the middle of this month.

C. J. Ross, the manager of the choir went to Chicago last Sunday to confer with Mr. Cross, the manager of the Chicago Tribune related to the plans for the trip. An invitation had previously been sent to the choir by the Chicago Tribune through Mr. Kiesel asking the members to attend the exposition and sing the "Irrigation Ode." The Chicago paper offered to bear all the expenses of the 200 members of the choir if the offer was accepted. A hurried conference was held by the choir managers and it was decided to accept the invitation which was a handsome compliment to the musical organization of Ogden. Manager Ross was sent to Chicago to make the necessary arrangements. Just what hitch has occurred, the telegram does not state, but Mr. Ross will doubtless be able to explain when he returns to Ogden.

INSPECTION AT THE OGDEN ARMORY

An inspection was held at the Armory last evening by Captain C. H. Arms, Regimental Adjutant, First Infantry. For several days past the members of the local company have been engaged in cleaning and polishing their arms and equipment preparatory to the inspection, although it is safe to say that this was hardly necessary in order to obtain a higher percentage than their Salt Lake rivals. With the exception of a few stragglers the entire company was on the floor when turned over to the inspecting officer. On account of the building being the voting place for the Seventh precinct it was not as clean as it usually is on these occasions. But with all it is believed the local company made a creditable showing in the eyes of the Regimental Adjutant.

CARDINAL GIBBONS OPPOSED TO WOMEN VOTING

New York, Nov. 2.—In a letter to the National League for the Civic Education of Women, an anti-suffragette organization, made public today, Cardinal Gibbons says:

"Although my many duties will not allow me to be present at your meeting, I beg to assure I am most heartily in sympathy with the aim of your league, and I approve most strongly

## Welcome Words To Women

If, you are an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is one tried and true honest square-deal medicine OF KNOWN COMPOSITION, sold by druggists for the cure of woman's ills. The makers of

### Dr. Pierce's Favorite Prescription

for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper. Is this not a significant fact worthy of careful consideration?

Women use Dr. Pierce's Favorite Prescription in preference to all other advocated medicines sold by druggists for their peculiar weaknesses and ailments because it is

**THE ONE REMEDY** which contains no alcohol or habit-forming drugs, is not anything like advertised secret compounds or patent medicines.

**THE ONE REMEDY** for women devised by a regularly graduated physician of vast experience in women's ailments and carefully adapted to her delicate organism.

**THE ONE REMEDY** good enough that its makers are not afraid to print its every ingredient on its outside bottle-wrapper.

It's foolish—often dangerous to be over-persuaded into accepting a secret nostrum in place of this time-honored medicine of KNOWN COMPOSITION. World's Dispensary Medical Association, Buffalo, N. Y.

the stand it has taken in opposition to woman's suffrage, which it realized would be the death blow to domestic life and happiness."

Senator Elihu Root also wrote a letter expressing sympathy with the cause.

**PITTSBURG'S BOND ISSUE.**  
Pittsburg, Nov. 2.—Brisk voting characterized the first few hours. There is little interest in the state or

county tickets; the attention of the voters being occupied with a bond issue of \$6,775,000 to be used for public improvements.

**ITO'S MURDERER IS REMOVED TO SEOUL.**  
Harbin, Manchuria, Nov. 2.—Inchan Angan, the Korean who assassinated Prince Ito of Japan, and his alleged accomplices, were today removed to

Seoul, Korea, for trial. Following their arrest by the Russian police, the prisoners were turned over to the Japanese authorities.

**NEW LINE OF STEAMERS.**  
Portland, Ore., Nov. 2.—According to information given out today by a local shipping concern, a new line of steamers composed of a fleet of six vessels, will be put in operation in

December between Antwerp and Portland with San Pedro, California, and San Francisco as ports of call. The steamers will bring general cargoes from Europe and return with wheat, lumber and other commodities offered for shipment to Europe.

The zibeline used this winter differs from that of ten years ago in that the new appears ribbed and, in its finish, more like cloth.
